VEDH JAYESH NAIK

CYBERSECURITY & DATA SCIENCE ASPIRANT

📍 Ghansoli, Navi Mumbai, Maharashtra, India | 📞 +91 9987942399 | ✉️ vedh1440@gmail.com
🔗 LinkedIn | 💻 GitHub | 📂 Portfolio

PROFESSIONAL SUMMARY

Computer Science & Engineering student with a strong interest in Cybersecurity and Data Science. Passionate about Linux, networking, cloud technologies, and modern web development. Familiar with React, Git, GitHub, AWS fundamentals, Wireshark, and Nmap through academic learning and personal projects. Seeking an internship to gain practical experience and continue developing technical skills.

TECHNICAL SKILLS

Programming:	C++, Java (Core), SQL (Basic)
Web Development:	HTML5, CSS3, JavaScript, React.js, MERN Stack (Learning)
Cybersecurity:	Linux Fundamentals, Wireshark (Basic), Nmap (Basic), Windows Subsystem for Linux (WSL)
Cloud & Control:	AWS Fundamentals (Learning), Git, GitHub
Tools:	VS Code, Wireshark, Nmap

EDUCATION

B.Tech in Computer Science & Engineering — 2025 – Expected 2029
ITM, Kharghar — CGPA: Awaiting Results

Diploma in Computer Engineering — 2022 – 2025
VPM Polytechnic, Thane (MSBTE) — Percentage: 71.94%

Class X (ICSE) — Passing Year: 2022
Vibgyor High School, Airoli — Percentage: 76.17%

PROJECTS

SportXtreme Events Platform — Live Link

- Designed and deployed a responsive web platform layout to showcase active sports events.
- Utilized React.js components, HTML5, and CSS3 formatting rules for clean structure and styling.
- Managed codebase versions through Git and GitHub tracking systems.

Academic Networks & Environment Lab — Academic Study

- Configured foundational network test environments within Windows Subsystem for Linux (WSL).
- Executed baseline device and port discovery operations using basic Nmap utilities.
- Monitored local protocol packets (HTTP, TCP) using Wireshark to understand raw traffic flows.

SOFT SKILLS & LANGUAGES

Soft Skills:	Problem Solving, Analytical Thinking, Teamwork, Communication, Adaptability, Quick Learner
Languages:	English, Hindi, Marathi

AREAS OF INTEREST

Cybersecurity, Data Science, Linux, Networking, Cloud Computing, Web Development
